**The Weather**

FOR OHIO—Fair and continued cold tonight except snow flurries along Lake Erie; Saturday fair; not quite so cold in southwest portion.

## Ohio Wants Coal, Not Controversy Says Gov. J. Cox

### Charges Federal Fuel Administrator With Lack of Understanding of Facts—No Further Famine is Expected Unless Federal Authorities Err Again.

COLUMBUS, DEC. 14—"What we are after is coal—not controversy" Gov. Cox declared this afternoon in replying to a query whether there had been any developments relative to the dispute with Dr. Harry Garfield Federal Fuel Administrator, over distribution of coal to Ohioans.

"We are not concerned about the dispute at all," said the governor "Dr. Garfield's statements were made manifestly without any undertsanding of the facts."

Cox declared that if the entire Ohio supply of coal, for the time being at least, together with Ohio's share of the West Va. coal is not diverted into other states, by orders from Washington there will be no repetition of present conditions."

"The Lake Coal" within Ohio is now being distributed," said Governor Cox. "The initial process of switching began yesterday and deliveries are going on the communities today."

A number of coal operators told the governor today that all coal now in transit in the name of their company may be diverted for community relief.

"If other concerns will do the same for a few days, it will be considerable contribution to better things," said the governor.

"An approach to normal conditions depends upon two things: First the end of the lake coal traffic and the priority order to railroads which is joined to it, and an improvement in railroad transportation," continued Cox. "The first is now a matter of reality. The second is improving daily, even in the face of adverse weather conditions, and it is fair to assume that they will get better.

"The lake coal will not last long. After it is used up, our hope must then come from the increased delivery of coal along the normal commercial lines from the railroads.

"Conditions in Ohio today confirm the statement that when the movement of lake coal across the state stopped, and the railroads began to adjust themselves with this strain removed, considerable improvement would come quickly."

## Probe Of Navy Dept.'s Conduct Of War Opens

WASHINGTON, DEC. 14—One more war investigation got started this afternoon when the house naval affairs committee appointed a sub-committee to inquire into the whole conduct of the war by the navy department. This sub-committee will go to work at once, summoning Secretary of the Navy Daniels, all heads of departments, and subjecting them to a vigorous examination. The investigation will develop naval preparation and the millions that have been appropriated by the present and last congress. Members of the sub-committee are Rep. Oliver, chairman, Venable, Hensley Hicks, Britien and Peters.

## Antis Prevent Date Fixing For Suffrage Vote

WASHINGTON, DEC. 14—Objections by Rep. Walsh of Mass., anti-suffragist, presented in the house this morning an agreement to vote on the women suffrage amendment on Monday January 7.

Democratic leader Kitchen asked the senate to take up the measure on that date.

The anti-suffragists, however, are taking advantage of the situation and will try to force a vote before adjournment for the holiday recess.

## XMAS TREE SUPPLY IS BELOW PAR

Those who say that it doesn't seem like Christmas without a Christmas tree are here given warning to place their orders early, for the supply is scarce.

One merchant, who last year sold about 500 Christmas trees, has received a shipment of 125 trees for this year. He does not expect to be able to obtain any more.

Prices in Christmas trees range from 50 cents to $3, the price having advanced 25 per cent over last year.

The trees are shipped from Maine, and on account of freight conditions, only a few of them can be obtained. It cost one dealer $17 to get a small shipment Friday.

## Huns Openly Plan Drive West Front

LONDON, DEC. 14—Germany continues to advertise widely her proposed gigantic drive on the allies on the western front.

Dispatches reaching here today from Amsterdam continued to report great movement of German troops behind the lines on the western front. Government controlled paper here heralded the plan of the offensive and go into detail regarding it. This change in the German procedure has mystified British officials. Germany in the past always has kept her plans for military moves a complete secret, not permitting an inkling of it getting out in any way. Usually the government controlled newspapers were advised to advertise some plan that was not contemplated with a view of helping cover up the real scheme of operations.

Officials said today that this may be the procedure now being followed and the proposed drive may not be contemplated, but only advertised in order to cover some other plan. What other operations could be contemplated is puzzling officials.

The theory has been advanced that Germany is so sure of success attending her attack, that her plans have been allowed to become public.

## Aged Keene Man Succumbs To Senility

Augustus Machwart, aged 82, died Thursday evening at his home east of Keene from senility and exposure. Mr. Machwart was a lifelong resident of the Keene vicinity and had been an active farmer until a few years ago when he was forced to retire on account of failing health.

He was in frail health for several months preceding his death, but in spite of his advanced age he attempted to clear the snow away from his home Sunday. Overexertion and exposure to the extreme cold overcame him and he was forced to take his bed.

Mr. Machwart leaves four sons: George and Joseph, of the Keene vicinity, Cornelius, of Cleveland, and Washington, of Wooster. Mrs. Machwart died several years ago.

Funeral services will be held at the Amity church probably Sunday, and interment will be made in the Amity cemetery.

## COX AFTER COAL; AND GARFIELD AFTER COX

### Lake Coal Deliveries in Fuelless Ohio Communities a Reality Today.

### GARFIELD RUNS TO WASHINGTON

### Ohio Executive Prefers to Deal with President Wilson Only.

COLUMBUS, DEC. 14—With Harry A. Garfield, National food administrator at Washington insisting that Gov. Cox not meddle in the coal muddle, and Gov. Cox ignoring Garfield, these facts stood out in the Ohio coal situation today:

1—Ohio communities soon will have "Lake coal" which has been seized on railroad sidings and reconsigned to county fuel committees for distribution.

2—The price which Ohioans must pay for this seized fuel has not been determined. Federal officials insist the price must be that provided in contracts for the northwest trade which is $1.10 a ton more than government prices at the mines.

3—Gov. Cox is determined to deal only with President Wilson on big issues.

4—Representatives of coal operators are busy reconsigning "Lake coal" to Michigan and other points to prevent seizure. It is estimated that not more than 2500 cars of Lake Coal remain on tracks in Ohio.

5—Gov. Cox was said to be preparing charges which he will forward to President Wilson today, asking for removal of officer Baird head of Lake Operators pool, which the governor alleges is a combination to force higher prices from Ohio consumers.

CINCINNATI, DEC. 14—F. C. Baird head of the operators' coal pool, who has been in this district attempting to clear up congestion of 12,609 cars of coal consigned to the northwest, said he'd present Gov. Cox with an iron cross if Cox was able to force him out.

## NEW YORK IS GRIPPED BY COAL FAMINE

NEW YORK, DEC. 14—New York's threatened coal famine became more acute today with the presence of four inches of heavy, clinging snow.

All traffic is seriously affected. Coal deliveries are an impossibility until the army of 10,000 snow shovelers has cleared the streets and tracks.

The snowfall, which began shortly after dark last night, ended abruptly at [illegible] this morning, with the arrival of a strong and cold wind from the north which blew for an hour.

Throughout the entire Atlantic coast the storm is working hardships. Shipments by water are deemed hazardous and are being made only in extreme cases.

Railroad traffic also is seriously crippled. Broken schedules just recovering from a storm of a few days ago, are as bad now as ever.

The heavy snow has created new damage on telegraph and telephone wires. New York's electric lighting and fire system also is badly damaged.

## COMMISSION DENIED RUTH

(International News Service)

WASHINGTON, DEC. 14—Ruth Law [illegible] on Secretary Baker and later [illegible] hope of obtaining a commission in the American flying corps.

Secretary Baker [illegible] he could not [illegible] women [illegible]. He said it would not be possible for the department to accept her services for instruction.

CLEVELAND—The "Fleet" of trucks with which the government is conducting an experiment into the practicability of auto transportation to the sea board will reach Cleveland Sunday. It starts today from Detroit.

## PLENTY OF HEAT IN --- JAVA, TOO

WASHINGTON, DEC. 14—Claus A. Spreckles, president Federal Sugar Refining Co., testifying before the Senate manufacturers subcommittee in the sugar investigation today testified "there is no sugar shortage except in spots. One of the spots is the eastern U. S." he said.

"The U. S. has ample sugar," he said. "The shortage is localized in the eastern states. As a whole there is plenty of sugar."

Mr. Spreckles added that there is enough sugar in Java to supply the whole British isles for a year.

## HEAVY SNOW COVERS EAST DURING GALE

### Transportation Facilities and Communication is Paralyzed Today.

### NEW YORK STATE IS HARDEST HIT

### All Trains on New Jersey Central Abandoned; U. S. Shipping Damaged.

NEW YORK, DEC. 14—Sweeping down from the northwest on the wings of a gale which reached a velocity of 60 miles an hour, the heaviest early December snow storm in years early today blanketed New York and the surrounding territory under 1 to 6 inches of snow. Transportation and communication facilities paralyzed.

At 3 a. m. the Central Railroad of New Jersey was forced to abandon all of its trains. Officials of the New York Central reported that all of its telephone and telegraph wires were down and that train schedules were "completely demoralized."

Trains from the west are reported from one to seven hours late.

Outside the narrows, the gale assumed the proportions of a hurricane. Scows and lighters were torn away from the bearings and a number of trans-Atlantic ships were unable to enter the harbor. Scores of vessels turned tail and ran for the open sea.

Twenty barges laden with grain, cotton, food and rails, consigned to American troops in Europe, broke loose during the morning and were blown into the bay. Seventeen of these were finally towed back but three were so badly damaged they sank.

The coal situation is immeasurably worse as result of the storm, and thousands of tons enroute from Pennsylvania, West Virginia and Ohio are held up along the lines by blockades. Coal lying in yards as close as Jersey City cannot be conveyed rapidly across the Hudson, because so many barges have been sunk or beached.

### AT BOSTON

BOSTON, DEC. 14—Driven by a 50-mile gale from the east the New England coast was lashed by a snow storm last night that played havoc with traffic. Trains on all roads entering Boston were from 20 minutes to an hour late. Suburban car lines were crippled by the snow. A rise in temperature today turned the snow to slush and the city streets and country roads were inches deep in water. The coast guard patrol was doubled but so far no wrecks have been reported.

### AT BALTIMORE

BALTIMORE, DEC. 14—After a night of snow, rain and hail, Baltimore today is covered with a heavy mass of slippery ice. Much suffering and many accidents and tie ups were reported. The coal famine added to the suffering. Hundreds of families have no coal and none is obtainable.

### AT PHILADELPHIA

PHILADELPHIA, DEC. 14—Train service was badly congested for several hours and all wires were put out of commission by the sleet storm which swept the city last night and early today.

A freezing wind made the streets so slippery early today that traffic was seriously hampered.

### AT BUFFALO

BUFFALO, DEC. 14—After experiencing another period of suspended traffic in the midst of a blinding snow storm Buffalo this morning woke to find the temperature hovering around zero. There is about 30 inches of snow on the level and in outlying sections the drifts are ten feet high. All traffic is suffering. All trains are from one to 10 hours late.

## BAKER WILL TAKE BLAME FOR DELAYS HE STATES

### Secretary of War Sees No Need for Defense. He Tells Committee.

### REFUTES IMPLIED LAXITY IN DUTY

### Declares War Department is Utilizing Every Facility For Machine Gun Manuf.

CLEVELAND, DEC. 14—Word received here today was to the effect that Secretary Baker will assume all responsibility for war preparations and delays in equipping troops of the National Army.

Testifying yesterday before the Senate military affairs committee Major Gen. Crozier, chief of ordnance, put responsibility for delay in furnishing equipment squarely up to the secretary.

"I am willing to take full responsibility for everything that has been done," the secretary is quoted as saying. "But there is no need for defense. The full capacity of this country for manufacture of machine guns has been placed under contract. The war department is utilizing the entire capacity of every machine gun plant in the country."

## Here's How Education Pays Child

(Contributed by C. E. Bryant)

Does it pay to educate our children? Every day spent in school pays the child nine dollars.

Here is the proof:

Uneducated laborers earn on the average $500 per year for forty years, a total of $20,000.

High School Graduates earn on the average $1000 per year for forty years, a total of $40,000.

This education required 12 years of school of 180 days each, a total of 2160 days in school.

If 2160 days at school add $20,000 to income for life, then each day at school adds $9.62.

The child that stays out of school to earn less than $9 a day is losing money, not making money. This is straight truth and no dream. Do not allow your children to stay away from school to go to work. It is poor business, every time. Boys, stay in school!

## 19 Army Officers to Retire in 1913

WASHINGTON, DEC. 14—Nineteen army officers are to go on the retired list for age in 1918, and it is likely that some of them will be retained on active duty by the War Department. Major-General William C. Gorgas, surgeon-general of the army, will reach the age limit on October 3 next. When General Gorgas retires the rank of Major General in the Medical Corps will cease, as he was advanced by Congress for his Panama Canal service. Major General Erasmus M. Weaver, chief of Coast Artillery, will also reach the retiring age on May 23, next. In the list are four Major Generals in the National Army—James Parker, Eben Swift, Augustus P. Blockson and William A. Mann. Besides Generals Gorgas and Weaver, the retirements in chronological order are:

Colonel Horatio G. Sickel, cavalry, January 15; Colonel William A. Simpson, Adjutant General of the Eastern Department, February 11; Brigadier General James Parker, Major General, National Army, February 20; Colonel Henry P. Birmingham, Medical Corps, Brigadier General, National Army, March 2; Colonel John P. Finley, Infantry, April 11; Colonel Henry H. Ludlow, Coast Artillery, April 17; Brigadier General Eben Swift, Major General, National Army, May 11; Colonel George K. McGunnegle, Infantry, June 2[illegible]; Colonel Wm. O. Owen, Medical Corps, June 6; Colonel Abner Pickering, Infantry, July 11; Brigadier General William A. Mann, Major General, National Army, July 31; Colonel Rudolph G. Ebert, Medical Corps, August 2[illegible]; Colonel Augustus C. Macomb, cavalry, October 17; Brigadier-General Augustus P. Blockson, Major-General National Army, November 7; Colonel Charles Richard, Medical Corps, November 1[illegible]; Colonel Frank L. Dodds, Judge Advocate, December 8, and Colonel William C. Brown, Cavalry, December 19.

## Congressmen Ask Incompetents In Office Be Ousted

### One Hundred Percent Efficiency Is Demand in War Preparations Of Every Nature—Embarrasing Probes Will Be Continued.

By JOHN EDWIN NEVIN

I. N. S. Staff Correspondent

WASHINGTON, DEC. 14 — Incompetent officials must be removed from office. This was the slogan in the capitol today. Senators and representatives united in the declaration regardless of party affiliations.

There was no disposition either to be unduly critical or to play politics. The congressional leaders, realizing that the house membership and one-third of the senate must face the voters for reelection next fall, united in declaring that Congress at least would carry out its supervisory powers to the utmost limit. The leaders made it very plain that, inasmuch as they had been most liberal in their appropriations of money and power to the various departments of government they intended seeing the war power of the nation was exerted to the utmost everywhere.

It was the plain talk of leaders that they resented suggestions from certain officials, that they were embracing the president with their probes.

"The nation wants 100 percent efficiency in war preparations of every nature," said Senator Chamberlain, chairman of the Senate military affairs committee, "and it is our duty to see that it gets it. All incompetent officials must and will go no matter whether they are in high or low places."

Today the investigation into the administration of the bureau of ordnance of the war department was continued behind closed doors while another committee began placing responsibility for food and fuel shortages.

Congress is surprised that conditions as serious as those revealed to the Senate military affairs committee yesterday by Gen. Crozier could have developed without the knowledge of Congress. Senators were outspoken in the disfavor of the censorship, which kept the amazing conditions in the war department secret. The lid is now off and the investigators are determined that the whole story of the conduct of the war shall be told. Myriads of reports have made their appearance and are purring these reports into the ears of Senators. The war department is to be asked about all that be of any appearance of reliability.

Gen. Crozier has passed the buck for the machine gun shortage directly to the secretary and the committee is eager to hear Mr. Baker's answer.

The quartermaster's corps, however, is likely to go upon the grill next. There are shortages of blankets and overcoats and the deaths by pneumonia that the committee wants explained. The committee decided to conduct the investigation behind closed doors today because Gen. Crozier fears too much information of military value will escape to the kaiser if the proceedings are thrown open to the public.

Meanwhile the Senate manufacturers' subcommittee, headed by Senator Reed of Missouri, opened fire today on those responsible for the sugar and coal shortage.

## YOUNGSTER WINDS YARN FOR AUNTIE

Walter Coe Crawford, four-year-old son of Mr. and Mrs. E. A. Crawford, of Main street, is one of Coshocton's most patriotic citizens.

Master Walter has wound the yarn for three Red Cross sweaters, knitted by his aunt, Mrs. D. D. Boyd, of Park avenue. Mrs. Boyd keeps all her yarn in a basket, and when the young patriot sees bright yarn in it he isn't the least bit interested. But when he sees the gray yarn, it's "Oh goody, here's some more o'er yarn. Can I wind it?"

His aunt puts the hank on the back of a chair, and Master Walter winds it into a nice round ball.

Moreover, this young man evidently believes in Sunday knitting, as it was in church that he learned to wind yarn. His parents used to keep him quiet during church services by giving him small pieces of yarn to wind, and this knowledge is now being utilized to good advantage by his aunt.

## PNEUMONIA WORST FOE OF TROOPS

WASHINGTON, DEC. 14—Pneumonia continues to exact high death toll among soldiers in training. For the week ending December 7 out of 264 fatalities, 218 were from pneumonia, the surgeon general of the army said today.

There were 190 deaths from all causes among the National Guard as against 74 in the national army.

The number of cases of measles has somewhat increased in the 34th and 35th division and considerably in the 39th division. Pneumonia has greatly increased in the 36th division, also in the 35th division and slightly in the 34th and 39th. In the other camps where measles has extensively prevailed the number of new cases of pneumonia reported during the week greatly decreased.

Fifteen cases of meningitis were reported from the 35th division National Guard during the week. Two other divisions reported 6 cases and one division seven cases.

No cases of meningitis are reported in ten out of 16 national army divisions.

## Rural Letter Carriers Are Very Scarce

No mail has been delivered on Coshocton rural routes 4 and 6 for the last three days, because of a lack of carriers.

Harvey Smith, formerly carrier on route 4, was transferred to route 5, to take the place of William Slaughter who moved to Springfield some time ago. John Mitchell, the route 6 carrier, recently resigned.

Carriers have been secured to deliver the mail Friday.

### BIRTH NOTE

A baby boy was born to Mr. and Mrs. Newton Webb of Conesville Hollow, Thursday night.

CANTON—The German club of a local high school disbanded after unfavorable criticism.

## Survivor Of Jacob Jones Has Kin Here

Lieutenant Norman Scott, of St. Louis, one of the survivors of the Jacob Jones, which was sunk a few days ago in foreign waters was a cousin of H. S. Scott, of Adams Mills. He has visited at the H. S. Scott home at different times and is remembered by many residents of that vicinity.

Lieutenant Scott is a graduate of Annapolis naval academy and has served four years in the navy. He has a brother, William Scott, who is a major in the regular army, stationed in Texas. Two other brothers are in the service, one with a regiment of engineers and the other in China.

### HOG SELLS FOR $72.

Simons Hughes, Cooperdale bought a 5[illegible] pound hog from Ami Cullison, Tunnel Hill, Thursday, at a total expenditure of $72.50.

Mrs. Frank Walter and Mrs. Fred McCurdy of West Bedford spent Friday in the city shopping.

## BAKER

(Continued From Page One)

allowed the situation to get separated. Their men left their employ and they had difficulty getting back again There were also shortages of materials. We foresaw the condition and so did they but we couldn't stop it entirely."

Gen. Crozier declared that the advantages gained in making changes of machinery at private plants to make standard ammunition army to fit the British enfield rifle were worth all the delay involved. Senator Chamberlain asked whether it was not a fact that by changing the bore of the Enfield rifle to fit American standard ammunition the war department had unfitted the American rifle for using and European rifle. Crozier admitted that the ammunition used were of a different calibre.

## What the Subs Did in Past Year

(International News Service)

LONDON, DEC. 13.—Altho Germany's submarine war has been in effect almost a year, less than 1,000 British ships have been sunk in that time, despite the fact that Germany has concentrated her greatest effort against the shipping of this country. Figures compiled today show that 690 British ships of more than 1600 tons and 256 of less than 1600 tons have been destroyed since the ruthless submarine warfare was inaugurated. These include the 14 ships of more than 1600 tons and the seven smaller steamships sunk during the past week.

### RESISTED OFFICERS.

A pitched battle was staged Wednesday night at the corner of Sixth and Main streets, when Frank and Grover Bookless resisted Officer Hankins.

With the help of a few bystanders the men were finally lodged in the city prison and charges of intoxication and resisting an officer were filed against them.

## The Slacker Here Today

Tonight and Friday will see a great patriotic drama at the Cinderella featuring Emily Stevens in "The Slacker." This feature is one of the special Metro productions, and will be presented in seven parts. At this time whenthis country is in war a picture of this kind should be a big drawing card.

## STOCKHOLDERS' ANNUAL MEETING

The annual meeting of the stockholders of the FARMERS' & MERCHANTS' Bank of Warsaw, Ohio, for the election of directors and the transaction of any other business that may come before the meeting, will be held at the office of said Bank on Thursday the 27th day of December, 1917.

Polls open from 1:00 o'clock to 2:00 o'clock P. M.

FRANK E. WHITTEMORE,
Cashier.

## COAL

(Continued From Page One)

fuel in Ohio.

After innumerable pleas by Ohio manufacturers and state officials the federal government rescinded the priority order Nov. 30 whereby coal was to be sent to the northwest. However, operators continue to bill their coal to lake ports, despite the fact that Lake navigation was about to close, and there was more at lake ports than could be moved. Then Gov. Cox appealed to the president on Tuesday. Fuel Administrator Garfield directed Homer Johnson, state fuel administrator to take steps to bring relief. Then it was discovered that Johnson had no power to act and most of the coal was controlled by the lake pool, of which F. C. Baird was the leading head. When the governor asked Baird to give the order to deliver idle coal to suffering Ohioans the first thing Baird wanted to know was whether the state would assume financial responsibility and second, would it pay the price at which the coal had been contracted for in the northwest. This riled Gov. Cox, who told Baird the coal would be taken either with or without his permission and that only prices allowed by the government would stand.

The operators contracts for northwest deliveries call for $1 to $2 a ton more than is allowed by the government. The governor is thorely aroused and says he will fight the matter of price extortion to a finish. The governor wants Garfield to explain why it was necessary to have a lake pool formed and why F. C. Baird was put in charge of the coal situation, instead of Homer Johnson, ostensible state coal administrator.

"THE SLACKER"

A Play That Thrills The Spine of the Nation.

7 Big Parts--The Most Amazing Screen Attraction Of The Age.

"The Slacker" is a nation's devotion and a nation's problem expressed in visible form. No American can see it without feeling a deeper love and appreciation for his country.

In the story Margaret Christy and Robert Wallace have been engaged for two years, but he shows no desire to get married until war is declared. The announcement is made that single men will be called first. He then marries. His wife, intensely patriotic, plunges into recruiting work. Her relations and friends enlist, but her husband does not. Finally she learns the truth—he is a slacker. Shame and anguish overcame her. How she meets her problem is told in a masterly way. "The Slacker" is a production for which every loyal American will give profound thanks.

## Civil Service Exam Dec. 28 For Manager At Infirmary

A civil service examination will be held at the Courthouse Dec. 28th at nine o'clock A. M., to fill the vacancies of Superintendent and Matron at the County Infirmary. The vacancies were created by the resignations of Edward McConnell, Superintendent and Mrs. Edward McConnell, Matron, which takes effect March 1st.

The salary of the Superintendent is $720 per year and that of the matron is $480 per year.

In case husband and wife apply the State Civil Service Commission says: "In position where the nature of public service requires employment of husband and wife jointly, both such persons must be eligible in order that either be certified. In such cases, position on the eligible list will be determined by the average of the grades of both."

The superintendent has entire control and executive management of the infirmary.

The qualifications of the superintendent are that he be of good moral character, experienced as a practical farmer, and in handling and directing men.

The matron is responsible to the superintendent for care of the house and directing the domestics.

Applicants must be of legal age, citizens of the state of Ohio, and residents of the above named county. They must be physically able to perform the duties of the position.

Application blanks may be obtained from the county auditor, or upon application to the state civil service commission of Ohio, Columbus, Ohio.

Applications must be submitted to the state civil service commission of Ohio, at Columbus, at least three days (3) before the date of the examination.

### ON THE SICK LIST

H. B. Heaton of Nellie is recovering from a severe attack of Grippe.

John George was admitted to the City hospital for treatment Thursday.

CHEST COLDS

may mean weak lungs and need more thorough treatment than mere syrups, physics or stimulants.

SCOTT'S EMULSION

corrects chest colds by giving strength to the blood and warmth to the body, while it is famous with physicians for relieving hard coughs and soothing the lungs, throat and bronchial tubes.

## Benefit Show At Pastime

A benefit showing of motion pictures will be held at the Pastime theatre Friday afternoon and evening, under the auspices of the Lady Maccabees. The proceeds will go to the patriotic service which these women are doing.

The Lady Maccabees are doing considerable knitting and other work for the soldiers, and the articles which they make are distributed thru the Red Cross.

Mrs Grant Bantum, of Warsaw, was in the city, Thursday, shopping.

CARTON'S
"None But Good Shoes"

Gloves make useful gifts. You will find what you are looking for at D. O. Thompson's at the "old prices." We have them.

# War Savings Organization Is Under Way

The organization for the War Savings Movement is progressing rapidly. Supt. C. E. Bryant has been made chairman of the School Committee, and empowered to choose his own associates. Under their direction will be the big mass meeting of parents and children at the Central School building Friday night.

D. G. Gayle is chairman of the Employment unit, with the following as his committee: R. T. Hunt, Melvin McKinley, U. K. Pamnelin, R. T. Ryan and Fred Timmons. They will have charge of the formation of Thrift clubs in all the factories of Coshocton.

The Speakers' committee are C. K. Clemens, chairman, Judge S. H. Nicholas, Judge Frank Ashman and Ed. A. Crawford. They will begin their work at an early date, and while making clear the objects and methods of the War Savings Plan, stimulate the thrift idea throut the county.

The Postoffice unit will have Postmaster C. A. Lamberson for its chairman. The Agricultural unit will be organized by M. A. McConnell, and will shortly be under way.

The Merchants' committee is as follows: E. A. Wimmer, chairman, C. E. Ransom, Sr., J. M. McKeown, David Jackson and George Brushwood. Their field is to see that stamps are made available for purchase at the stores of Coshocton. This committee held a meeting at 12 o'clock today, and as a result the stamps will doubtless appear before the end of the week.

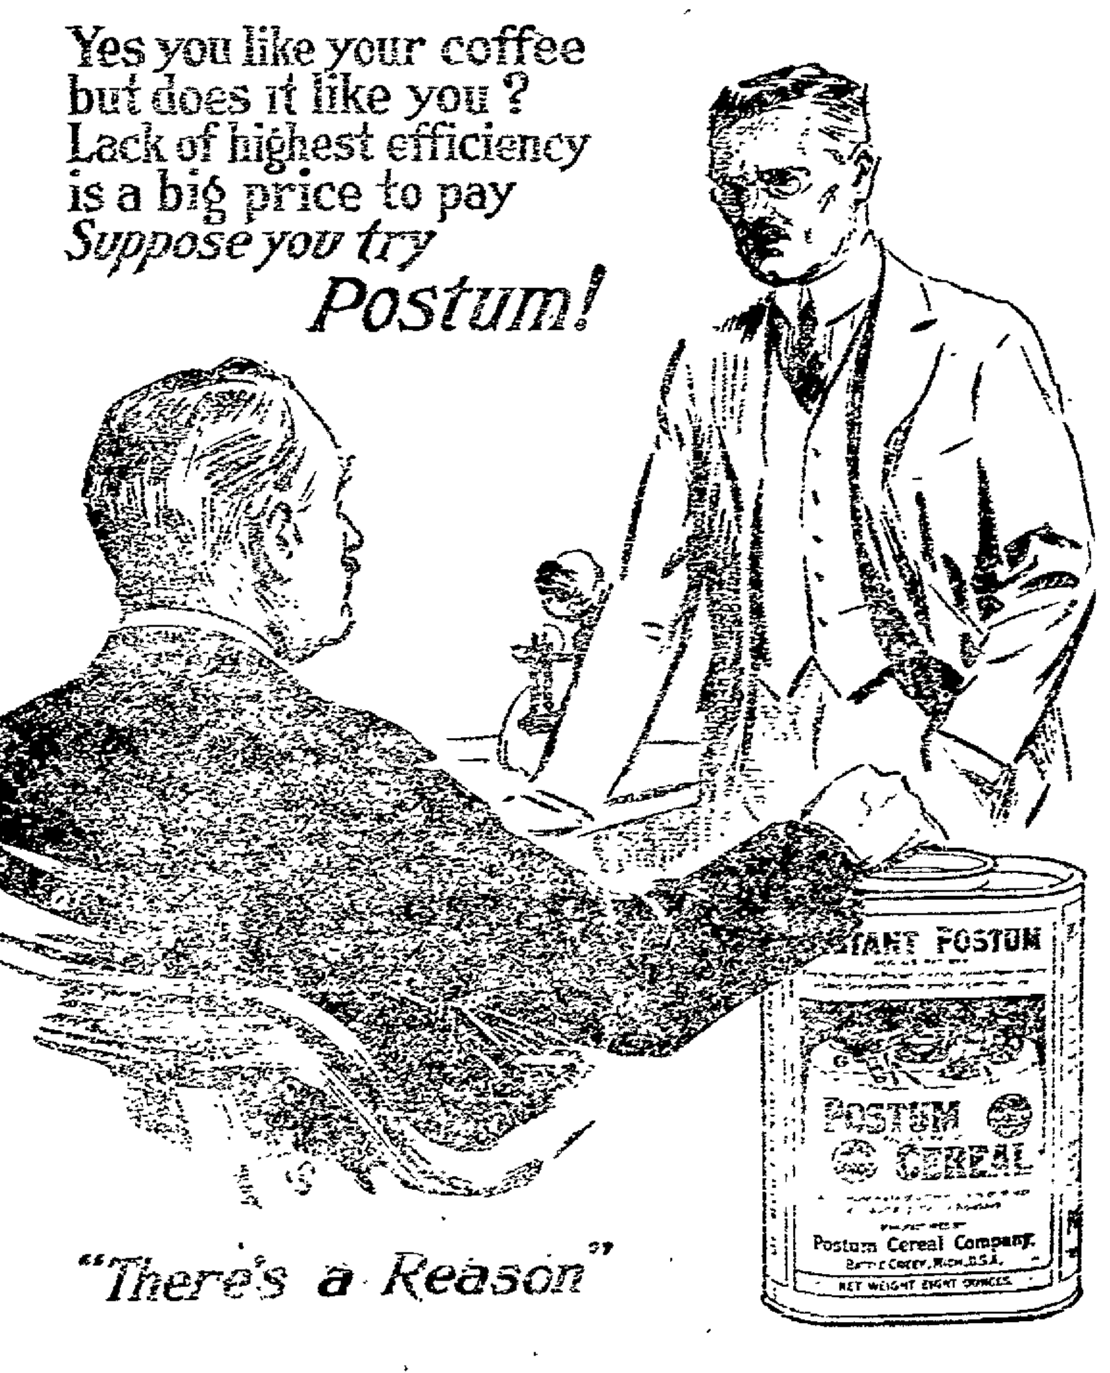
It should be distinctly understood that anyone can buy Thrift Stamps; not only that, but everyone is urged to do so that there will not be an individual with the instincts for thrift and the means of saving anything as small as a quarter of a dollar, that will not be enlisted in this great movement of Patriotic Thrift.

### FIRE AT YOUNGSTOWN.

YOUNGSTOWN, O., DEC. 14.—Youngstown witnessed its third disastrous fire this afternoon when Friedman's storage garage and 25 autos and trucks were all heavily damaged causing a loss of $75,000.

J. N. Vanscoyoc of Loudenville, spent Wednesday, in Nellie on business.

CINCINNATI—Food conservation pledge cards signed up by Cincinnati housewives total 71,500.



# Situation In Poland Is Serious

(International News Service)

LONDON, DEC. 14.—The allied chancellories are today viewing the Polish situation with anxiety. Some go so far as to call it "critical."

Information gathered here today is to the effect that events have taken a turn, which, unless checked by strong action by the allied governments, will lead to more or less of a fruition of German hopes. Polish sentiment is still anti-German but there is a growing inclination on the part of a big bulk of the population to make the best of a bad job and to come to some kind of terms with the occupying powers.

[illegible] that the new [illegible] there are indications [illegible] Polish government has or is about to include in the agreement a guarantee to raise troops. These troops, Germans say will not be used for an offensive against Russia but to defend the Polish borders.

It is believed the danger could be averted only by a public declaration on part of the allied governments definitely including among them the war aims the establishment of a united Poland with access to the sea. It appears that the absence of such a declaration is the subject of wide comment in Russia and is one of the factors which at the present critical juncture is favoring German aims.

# Toledo Knits Five Tons of Warm Clothes

TOLEDO, DEC. 14.—More than five tons of yarns, 11,187 pounds to be precise, have been knitted into socks, wristlets, mufflers and sweaters by members of the Toledo chapter of the American Red Cross in the past three months. These articles have been sent to soldiers and sailors.

Needles have been clicking merrily in turning out 5572 sweaters, 3855 pairs of socks, 1919 scarfs, 1194 pairs of wristlets and 123 helmets for men who are fighting for Democracy. Almost 5,000 women helped in this work.

# AMERICAN WOUNDED

WASHINGTON, DEC. 13.—Two American engineers were injured in action against the Germans Dec. 10, General Pershing reported to the war department today. Private Inar C. Bryn was seriously wounded and Private Isidor Kanner slightly wounded. Bryn's father lives at Brooklyn, and Kanner at New York City.

### FUEL SHORTAGE ACUTE.

DETROIT, DEC. 14.—Reports made to the Manufacturers Association, of Detroit, yesterday stated that unless fuel is secured in large quantities at once at least 125,000 workers will be without work and scores of manufacturing plants forced, by Saturday night, to close. Chief among the factories that will close, is the Ford Auto plant, which employes 37,000 men and has only coal enough to last until Friday noon.

YOUNGSTOWN—The payroll of the steel mills and other factories here for November totaled $6,239,503, the greatest in history. The total for the year promised to reach $66,000,000.

# RED BLOODED MEN WIN OUT

### THEY ARE ALWAYS ON TOP

It is a fact that red blooded men and women are at the top in every walk of life. Men and women with the driving force of red blood, rich in Iron and Phosphates do things—they get results.

Red blooded women are the head of the happiest and most contented homes, they have the will and the desire to be real companions and helpmates.

Leadership and happiness is only for the men and women who are willing to keep their blood and nerves strengthened and nourished with Iron and Phosphates.

A prominent doctor says, "It is a [illegible] that so many men and women [illegible] and strong [illegible] lack the [illegible] blood [illegible] steady nerves to achieve their [illegible]tions. It is all the more so because thin, watery blood is unnecessary, as rich, red blood and strong nerves are within the grasp of everyone. Phosphated Iron makes pure blood by making new blood. It gives strength, brings color to the cheeks, increases the weight and appetite, drives away the blues and those sleepless nights, steadies and renews your nervous energy, makes you feel like a live one once again."

There must be something to it. Everyone who tries it is loud in praise of Phosphated Iron, and you have got to show people these days.

To insure physicians and their patients receiving the genuine Phosphated Iron it has been put up in capsules only. Do not allow dealers to give you pills or tablets. Insist on capsules. Wimmer Arnold Co. and leading druggists everywhere.

If you don't know what to buy him for Christmas come to D. O. Thompson's. We will help you, and save you money.

# AN INCREASE IN SUB TOLL

LONDON, DEC. 14—A slight increase in the losses of British merchantmen by mine or submarine in the past week is noted in the admiralty statement tonight. Fourteen vessels of more than 1600 tons were sunk, as well as seven under that tonnage. The losses to British shipping by mine or submarine the previous week comprised 16 merchantmen of 1600 tons or over and one under that tonnage.

# Mental Defectives of War to Be Cared For

(International News Service)

INDIANAPOLIS, IND., DEC. 13—How Indiana shall care for the increase of mental defectives that is bound to be a result of the great war was one of the subjects of discussion at the Indiana Society for Mental Hygiene, which convened here today.

State officials are convinced that an extension of present facilities will become a necessity.

What would please him more than a silk or woven muffler for Christmas? You will find them at the right price at D. O. Thompson.

# Yea, Bo! College for Hoboes Is Latest

(International News Service)

CINCINNATI, DEC. 14—A college for hoboes! Yeh, that's the latest educational endeavor in this centre of social uplift. The college is to be established by the International Hobo College Board, incorporation papers having been taken out. James Eads Howe, of St. Louis, known as the millionaire hobo, is one of the incorporators. The purpose of the institution as set forth in the incorporation papers, is to carry on literary and educational work among the unemployed and to develop their "mental, moral and spiritual forces."

The Christmas Store FOR MEN

A Word to the Woman Who Buys for a Man

It's the business of this men's store to know just what men want. Why be perplexed over what to give when this store is sparkling with delightful, useful, practical holiday gifts for every man. The very things that appeal to men are here in endless array, so reasonably priced that shopping here will be a pleasure for you.

We especially invite the women to make this store their shopping center at this busy season.

Practical Suggestions for Men's and Boys' Gifts

VICK'S VAPORUB

The Fifth Year of Our Christmas Savings Is Now Open

We wish to urge all who intend to take out cards this year to do so at once—do it when you get your check cashed, and do not wait until the last day.

By so doing, it enables prompt service and avoids the rush at the last.

Our clerks are very accommodating but if you wait until the last, you cannot expect the prompt service we would like to render.

We consider our Christmas Savings Plan a decided success, consequently we are continuing the same kind of cards as heretofore.

Do "your bit" and organize a club among your neighbors. It is not necessary for all to come in, one person can get cards for several.

The need and importance of saving these war times is more important than ever before, save your money and buy a Liberty Bond.

# Sporadic Outburst Of Fighting Occur In Russian Capital

(International News Service)

COPENHAGEN, DEC. 13.—Disorder has again broken out in Petrograd as a result of the counter revolution started by the Cossacks under Gen. Kaledine and Gen. Korniloff.

Information was received here today that the firing took place in the streets and that Bolsheviki forces had placed machine guns on the roofs of buildings along the Nevsky Prospekt to sweep the thorofare, the most prominent in the Russian capital.

Contradictory reports have been received as to the outcome of fighting in the Mobeloff district. Indications are that the Bolsheviki forces were defeated.

Ensign Krylenko, the Bolsheviki commander in chief continues to withdraw soldiers from that front, which may have given rise to the report that Russians have begun to demobilize. Germany and Austria are reported to have put their peace terms in the hands of the Russian commission- sidering them. These terms are said ers who are believed to be now con- to contain a promise from the German government to support the Bolsheviki government at Petrograd from "domestic enemies."

---

A cablegram to the International News Service last week stated that certain units of the Russian army were being disbanded following conclusion of the temporary armistice.

# CONGRESS IS AFTER FACTS ABOUT ARMY

WASHINGTON, DEC. 13—The congressional drive to get the facts about the conduct of the war was in full swing today.

The scope of the senate military committee's [illegible] today will be extended to include the progress made in the construction of America's great air fleet and the speed with which the shipping board is now turning out tonnage to overcome the submarine menace. Both these projects are regarded by the committee as important phases of the military situation and just where the air and water program stand will form the subject of careful inquiry.

The committee today continued the examination of William Crozier chief of the bureau of ordnance. The general was being subjected to a rigorous cross examination behind closed doors in an effort to fix responsibility for shortage of rifles and machine guns in the army. The war department is confident it can show sufficient progress has been made under condition and rifles will be supplied to men in the cantonments in increasingly large numbers from now on. When Gen. Crozier completes his testimony other staff officers will be summoned after which the committee plans to call in line the officers and men in the training camps. The fuel and food administrations were drawn into the investigation today. The senate Manufactures sub committee met this morning to arrange its program for inquiry into coal and sugar shortage. The coal shortage probably will be taken up first and Dr. Garfield will be among the first witnesses called.

---

CLEVELAND—Sister Ignatia O'Kavanaugh, a nun from a convent at Louvain, is here exhibiting lace saved from the Germans when they sacked the Belgian city.

Bevo is a great favorite in the Army Canteens, where none but pure, soft drinks may be sold. After drill or march, you are sure to see a long line of hot and dusty-throated soldier boys making a bee-line for Bevo. They know that there lies complete satisfaction, full refreshment and pure wholesomeness.

At home or abroad—at work or play—between meals or with meals, you will appreciate what we have done for you in making this triumph in soft drinks.

You will find Bevo at inns, restaurants, groceries, department and drug stores, picnic grounds, baseball parks, soda fountains, dining cars, in the navy, at canteens, at mobilization camps and other places where refreshing beverages are sold.

Bevo—the all-year-'round soft drink

Guard against substitutes. Have the bottle opened in front of you, first seeing that the seal is unbroken and that the crown top bears the Fox. Sold in bottles only, and bottled exclusively by

DR. KING'S NEW DISCOVERY for Coughs & Colds

FROM one generation to another, this old reliable remedy for Bronchial affections has been recommended. Grandmother knows that Dr. King's New Discovery will stop the cough, quickly relieve the most stubborn cold and mothers find their children like this old remedy as well as grandmother said she did when she was a child.

Nearly a half century of use recommends it to you. Used by millions.

Your druggist sold it ever since he opened his store.

# MAIL ORDER SUGAR TRADE TO BE CURBED

COLUMBUS, DEC. 14—A barrel of sugar has been seized by Fred C. Croxton, Ohio food administrator, the second taken within a week to prevent hoarding. The seizure was from a wealthy stockholder in a Columbus wholesale grocery. The other seizure was in Clark county.

Croxton ordered the seized sugar to be sold by the Franklin county food committee at the regular retail market price for cane sugar, 10 cents a pound. The profit, or difference between what it cost the alleged hoarder and the sale price, will be divided equally between the Red Cross, the Y. M. C. A. and the Knights of Columbus war funds.

Complaint to Croxton that mail order houses in Chicago were shipping to private families in this state sugar in as large as 100-pound quantities was taken up with the food administration of Illinois and assurance was given that such shipments would in the future be limited to 10 pounds to a customer. Croxton said today he would insist upon the limit being five pounds to a customer.

COUGHS, SORE THROATS AND CHEST COLDS GO IN HALF THE TIME

Marvelous Mustraine, the Quickest Pain Killer on Earth Subdues the Inflammation and Ends All Misery Before Other Remedies Start to Act—Only 25c Cents

You get action with Begy's Mustarine. One application usually does the work, so why bother with liniments or dirty plasters.

Just rub it on and away goes sore throat, coughs and chest colds over night. It will not blister, but it will stop headache, earache or toothache in 10 minutes—many times in 5.

Doctors have prescribed it for 16 years. It's the original mustard plaster substitute but 10 times better, and quickly stops rheumatic pains, neuritis, neuralgia and lumbago and instantly relieves tonsilitis, pleurisy and bronchitis.

For sprains, swellings and all aches and pains it has no equal, while for sore, burning feet, chillblains and frosted feet thousands use it. Be sure it's Begy's, in the yellow box.

# WAR SAVINGS CAMPAIGN ON IN CHICAGO

(International News Service)

CHICAGO, DEC. 13.—Dollars that are spent for unnecessaries or dollars that employ labor needed by the government are traitor dollars and allies of the enemy, in the opinion of Frank A. Vanderlip, director of the national war savings committee.

Speaking at the opening meeting of the war thrift campaign here, Vanderlip declared the government planned to put $2,000,000,000 in certificates into the hands of 20,000,000 investors.

"Every time we spend money," said Vanderlip, "we ought to see before us a pair of balances. If we put the money into the pan labelled 'unnecessary expenditures' we are turning the pointer away from victory. If we put it on the other side of the scale, if we release labor then the government can do this gigantic thing if confronted with it."

Vanderlip called the war savings certificates to be put out by the government, "little brothers of the liberty bonds." He urged these certificates take the place of gold by employes to their laborers at Christmas time.

AN IDEAL LIME TREATMENT

for those suffering from chronic or acute pulmonary and bronchial troubles, or coughs or colds, is

# MOTHER SAID TRY IT

## Lydia E. Pinkham's Vegetable Compound Cured Mrs. Copner after Doctor's Failed.

Cincinnati, Ohio.—"I want you to know the good Lydia E. Pinkham's Vegetable Compound has done for me. I was in such bad health from female troubles that I could hardly get off my bed. I had been doctoring for a long time and my mother said, 'I want you to try Lydia E. Pinkham's Vegetable Compound.' So I did, and it has certainly made me a well woman. I am able to do my house work and am so happy as I never expected to go around the way I do again, and I want others to know what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. JOSIE COPNER, 1668 Harrison Ave., Fairmount, Cincinnati, Ohio.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial

This famous remedy, the medicinal ingredients of which are derived from choice roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism.

# Society

**Home Guards Meeting.**

The December meeting of the Home Guard Missionary society, of the Grace M. E. church will be held Saturday afternoon, at 2:30 o'clock, at the home of Miss Nellie Wilcox, on Walnut street. Miss Wilcox will be assisted by Miss Bessie Baird. The members have been requested to bring their dues, and also to be prompt.

✦ ✦ ✦

**Minstrel at Franklin.**

The students of the Franklin high school will give a minstrel in the Grange hall in Franklin Saturday evening, December 15th.

✦ ✦ ✦

**Miss Edgar Entertains.**

Miss Rachel Edgar will entertain with a dinner party at her home on Locust street this evening. Covers will be laid for: Miss Edgar, Miss Zela Marshall and house guests, Miss Georgiana Elliott, of West Unity, and Miss Prudence Stevens, of Madison; Miss Elizabeth Lee and house guest, Miss Ola Arick, of Orville; Miss Marno Hay, Miss Adelia Smith, and Miss Sarah Meek.

✦ ✦ ✦

**Returns From South.**

E. E. Standen returned home from St. Petersburg, Fla., Friday morning. Mrs Standen and daughter Josephine will remain in the south during the winter months.

✦ ✦ ✦

**Engagement Announcement.**

Announcement is made of the engagement of Miss Jessie Smith, daughter of Mr. and Mrs. W. A. Smith, of Columbus, and William P. Dawson, a Philadelphia architect. Mr Dawson and his fiancee will spend the Christmas holidays at the home of the latter's parents.

Miss Smith is a former resident of this city and is a graduate of the Coshocton high school. She is a newspaper woman of exceptional talent, and has been a member of the reportorial staff of both the Times Age and The Tribune. Last March, Miss Smith went to Columbus to accept the position of society editor of The Columbus Monitor. When this paper suspended publication, Miss Smith went to Norwalk, where she is now advertising manager of the Reflector Herald, owned by R. C. Snyder, formerly of Coshocton.

In addition to her literary ability, Miss Smith possesses remarkable musical talent. She has a wide circle of friends here who will be interested in the announcement of her coming marriage.

Mr. Dawson has been in Norwalk for several months, superintending the erecting of two large buildings. He is a graduate of the school of architecture of the University of Pennsylvania.

✦ ✦ ✦

**To Montgomery.**

Mrs. William Rodgers and Miss Irene Rodgers of South Eighth street, and Miss Margaret Slack of Zanesville will go to Montgomery, Ala., next week to spend Christmas with Lieut. Harry Rodgers at Camp Sheridan.

✦ ✦ ✦

**Local W. C. T. U. Meets.**

The Coshocton W. C. T. U. held the regular meeting Thursday evening at the home of Mrs. Edward Hunter, Walnut street. The meeting time has been changed from afternoons to evenings on account of the Red Cross work, which is demanding the attention of many members of the union.

Scripture reading and prayer were led by Mrs. Parrish, president of the local union. Miss Ruth Bolin contributed two vocal numbers to the program. Mrs. Belle Stevenson gave an interesting description of her trip to the national W. C. T. U. convention at Washington, D. C. Commandant Mildred Douglass, of the local Salvation Army offered the closing prayer.

During the session the following superintendents of departments were named for the coming year: Gold medal contest—Mrs. Fretts; S. T. I.—Mrs Frank Foster; Evangelistic—Mrs. Belle Stevenson. Flower—Mrs. E. N. Powelson; Sunday School—Mrs. John Swigert; Charity—Mrs B. A. McGinnis; Railroad—Mrs. H. J. Harris; Press—Mrs. Clarence Brown. Franchise—Mrs David Williams.

The next meeting of the union will be held at the home of Mrs Harry Hart, Hamilton avenue on January 10.

✦ ✦ ✦

**Colonial Club Dance.**

The dance, given by the Colonial club in Forbes building, last evening, was very delightful. The music was good and a large crowd of dancers were in attendance.

### Try This To Banish All Rheumatic Pains

People who have been tormented for years—yes, even so crippled that they were unable to help themselves—have been brought back to robust health thru the mighty power of Rheuma.

Rheuma acts with speed, it brings in a few days the relief you have prayed for. It antagonizes the poisons that cause agony and pain in the joints and muscles and quickly the torturing soreness completely disappears.

It is a harmless remedy, but sure and certain, because it is one discovery that has forced rheumatism and sciatica to yield and disappear.

Try a 75 cent bottle of Rheuma and if you do not get the joyful relief you expect, your money will be returned. Wimmer-Arnold Co. always has a supply of Rheuma and guarantees it to you.

Miss Edith Bible entertained with a crochet and fudge party at her home on Wilson avenue, Wednesday evening. Her guests were: Misses Myrtle DeLong, Marie Ramsey, Fern Giauque, Gladys West, Rosetta Seward and the hostess.

# GAINS 26 POUNDS; BACK ON HIS JOB

"I Feel Like a New Man," Says Glass Worker

A gain in weight is usually a sure sign of returning health and especially is this true when it is accompanied by a hearty appetite.

A 26-pound gain, zest for his meals and sound sleep tells the story of how Tanlac aided N. D. Brown, a glass worker at the window glass plant. He lives on North Main street, Lancaster. Before he took Tanlac he couldn't work at his trade.

"A short time ago I was all run down," says Mr Brown. "I was tired in the morning. My food didn't digest properly and my stomach was always troubling me. I didn't sleep soundly at night, and little black specks floated before my eyes.

I have used three bottles of Tanlac and feel like a new man. When I started to take Tanlac I weighed 160—now I weigh 186. I have a good appetite and I am back on my job again. I advise all my friends who feel as I did to try Tanlac."

Tanlac may be obtained in Coshocton at Page & Lorenz's Drug Store.

# B. C. SENTER

*A Little Further Down, but, It Pays to Walk*

## Make Christmas Gift Selections Now

while selections can be made leisurely. It is much more satisfactory than waiting till stores are crowded and the range of choice is limited. As a convenience to our customers we have now on display our holiday lines and cordially invite you to call and inspect the many appropriate and attractive Christmas gifts.

There are many advantages in buying your Christmas gifts at this store. A gift in a jeweler's box carries with it an atmosphere that envelopes no other kind of merchandise. The buyer may rest content that the gift will be prized the more because of its source and that it will retain its beauty and usefulness long after other gifts are in the discard and forgotten. The wealth of suggestion in a jeweler's stock is another advantage in concentrating your Christmas gift buying at this store, where the choicest creations of silversmiths, goldsmiths, jewelers and stonesetters are to be found.

On payment of a small deposit, you may have any desired article laid aside until near Christmas. Avoid the annoyance of hurried, late Christmas shopping. Start now and start here.

MOORE & MEADE

"What Moore & Meade Say Is So."

**To Toledo.**

Mrs. Clara Vangroove, of South Second street, has gone to Toledo for an extended visit with relatives.

✦ ✦ ✦

**From Leechburg**

Mr. and Mrs. Raymond Rinehart and daughter Mary, of Leechburg, Pa., are guests at the home of the former's parents Mr. and Mrs. A. S. Rinehart on South Ninth street.

# Ambition Pills

For Nervous People.

The great nerve tonic—the famous Wendell's Ambition Pills—that will put vigor, vim and vitality into nervous tired out, all in despondent people in a few days.

Anyone can buy a box for only 50 cents, and Wimmer-Arnold Co., is authorized by the maker to refund the purchase price if anyone is dissatisfied with the first box purchased.

Thousands praise them for general debility, nervous prostration, mental depression and unstrung nerves caused by over-indulgence in alcohol, tobacco, or overwork of any kind.

As a brain food or for any affliction of the nervous system Wendell's Ambition Pills are unsurpassed, while for hysteria, trembling and neuralgia they are simply splendid. Fifty cents at Wimmer-Arnold Co., and dealers everywhere.

TREES! TREES!

CHRISTMAS TREES. ORDER EARLY. SUPPLY LIMITED.
CENTRAL HDW. CO.

**At Hay Home.**

Mr. and Mrs. Clarence Hay of Elm street, have as their guest Mrs. N. C. Boomhower of New York city.

✦ ✦ ✦

**To Cincinnati**

B. C. Adams, United States superintendent of postoffices, went to Cincinnati Friday. Mr. Adams is superintending the construction of the local postoffice.

✦ ✦ ✦

**Return From South.**

Mr. and Mrs. John Peacock returned to their home on South Sixth street Thursday. They have been making a tour of the Southern states, for the past several weeks.

✦ ✦ ✦

**W. A. O. Club Meets.**

The members of the W. A. O. club will be entertained at the home of Miss Geneva Scherrer, at her home on Vine street Friday evening.

**Spend Christmas Here.**

✦ ✦ ✦

Herschel Gaffin, of Akron will spend Christmas in this city, as the guest of friends.

✦ ✦ ✦

WASHINGTON, DEC 14—The sinking of a small submarine chaser in collision off the Atlantic coast Tuesday was announced by the navy department this afternoon. The officers and crew of the vessel were rescued and much equipment was saved.

Underwear will please him for Christmas if you buy it at D. O. Thompson's. All wool $4.00 union suits for $2.75. No rent to pay saves you the difference.

He will want a warm sweater for his Christmas. D. O. Thompson sells the $2.50 kind for $1.75; the $4.00 kind for $2.98. The same for less always.

A new Suit or Overcoat will more than surprise him for Christmas. D. O. Thompson sells the $15.00 kind for $11.50. The same for less.

**AT PITTSBURGH**

PITTSBURGH, DEC 14—Near zero temperature and a strong wind accompanied a five-inch fall of snow here today. Railroad traffic has not yet recovered from the recent cold spell, and was still further impeded.

Mothers, buy the boy a new Suit or Overcoat for his Christmas. D. O. Thompson sells $5.00 suits for $3.75. The "old prices." No rent to pay saves you money.

# DECEMBER BAD MONTH FOR FIRES

## Merchants Warned by State Against Faulty Window Display Lights.

By T. ALFRED FLEMING,
State Fire Marshal of Ohio

Merchants, display managers and decorators have a grave responsibility upon their shoulders.

Always at Holiday time during the rush of shoppers and the bustle of displaying Christmas goods to the best advantage, come the additional dangers of a fire that may not only destroy stock, fixtures and building, but cause a halocaust as well.

A fire, however trivial, in a crowded store means panic

[redacted]

death

All temporary extensions to the electric service to provide additional illumination to displays should be installed only by competent electricians,

[redacted]

exercised that the wires and apparatus are kept out of reach of incompetent hands, and securely placed. Advertising novelties and signs of flimsy construction, knife-switches, cut outs, motors, flashes, and all electrical devices, having exposed contacts, should be excluded from show windows and kept at a safe distance from combustibles.

**Caution Employes.**

Display managers should caution their employes and assistants, as to the necessity of keeping drapery and inflammable material, tinsel, and kindred decorations, from close proximity of fixtures, dropcords, lamps, sockets and receptacles. The managers should know the dangers themselves, and explain them to their assistants with special accent on the hazards resulting from the placing of inflammable material in direct contact with electric lamps, and the use of combustible lamp shades.

With the constant warnings sounded by this department, no inflammable lamp, candle, or electric light shades should be on the merchants counters or in the window!

It is highly probable that all thinking merchants have abandoned the dangerous practice of using cotton batting tissue paper, etc., for display decorations. If there is any intention of using such decorations, beware!

**Do Not Burn the "Foot."**

Conservation is the gift that will bulge the Christmas stockings of America and her allies.

Do not burn the foot from it thru carelessness!

This year the nation is at war, over the seas our best blood is being shed for a cause that means a world's peace and a world's prosperity and safety.

A dollar needlessly burned, a penny foolishly expended, now means so many seconds more of war and death.

Buy no toys made in Germany.

Wherever possible, spare the tree every bit of wood may be needed before the thunder of the Hun's cannon is forever silenced. America burns $200,000,000 in timber each year thru carelessness. We need every stick of pine, hemlock or fir for other purposes.

The Christmas tree is always a fire menace and has an awful toll of human lives and blackened ruins to account for. The wood the spicy needles, the candles, all the decorations and even the supports and the floor coverings are frequently a serious menace.

**Means More Aeroplanes.**

Why not, after giving the kiddies a few simple American-made gifts, put the rest of our Xmas money into things that will comfort sustain and delight our valiant soldiers?

Every dollar that we Americans can save this year on the $450,000,000 annual fire loss, plus the $200,000,000 careless timber loss, means thousands of aeroplanes; means more food, shells and clothing; means a quicker settlement of the terrible obligations of war!

**December a Bad Month.**

Ninety percent of the total fire loss in our country is due to carelessness, and December is a bad fire month!

Cut down the ninety percent; save the Christmas tree.

In America, right now, 500,000 aliens are spying out the land and are striking at our very vitals. Fire is their ally! If an American carelessly allows strangers to prowl about the places where our sinews of war are being fitted to the fighting bones of strife, he may be aiding the enemy.

Christmas, 1917, should be a day of conservation-thought, and not of gaiety!

Every American should be a soldier now, whether here or in the trenches. The job of those at home is to keep things moving to the front.

Any fire blocks our line of transport!

If any one has a tree this year and uses candles, watch that tree all the time. If the wicks begin to approach the needles, blow the lights out! Don't let the children pluck at the gifts!

**Send Cotton to Hospitals.**

If there is old cotton in the house, do not use it for "snow." It can be renovated, made germ proof, and may find its way to a hospital "somewhere in France" where it will save some soldier's life—perhaps your boy's!

We are not decrying Christmas or its beautiful significance; we only know that the country is in a grave war and that every ounce of our resources is needed at the front and that this is the time for introspection!

Celluloid ornaments, pyroxlin candlesticks, crepe and paper candle, lamp and electric light shades are fire menaces. Asbestos is not inflammable, comes in forms easy to handle, and can be used in many ways if "snow" or "ice" is to be counterfeited.

Don't mar the pleasure of the children by a heedless Christmas fire loss. Remember that the horror of a conflagration now is reflected on the smoke clouds that overhang the belching guns of Europe.

**Ban Fireworks.**

There should be no fireworks.

Powder is needed elsewhere.

The glare of the rocket has no place in the American skies; it is needed as the flare to throw into strong relief, the treacherous crawl of the Hun thru the hell of No-man's Land!

**Remember the Children's Safety.**

If there is a Christmas celebration in hall or church remember that priceless lives of hundreds of little folks are in your keeping and that a fire means a panic.

**Be On Guard!**

If you must have brilliant baubles for decorations, see to it that they are fire-proof!

A careful fireless Christmas is a long stride toward the speedy ending of this world's war!

# RELIABLE PRESCRIPTION FOR THE KIDNEYS

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription.

Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Coshocton Tribune and Times Age.

# Germany Hungry and Cold; Expects Peace Next Winter

ACTUAL LIVING CONDITIONS IN GERMANY AS FOUND BY HERBERT COREY AT BORDER:

*A Series of Up-to-date Articles Published Exclusively in the*

PITTSBURGH CHRONICLE TELEGRAPH
"THE PAPER THAT GOES HOME"

***Begins Monday, Dec. 17***

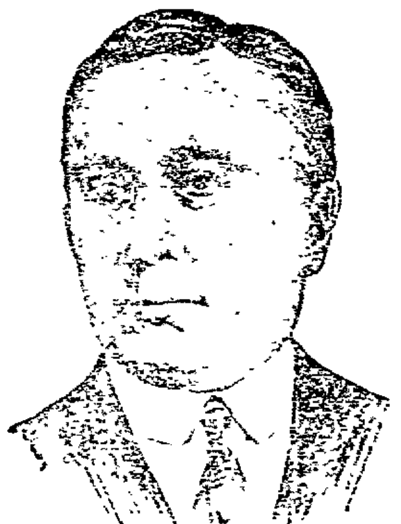
"Germany is not starving, but Germany is very hungry."

"For two years the German has been underfed—consequently the reserves of fat upon the human body have practically disappeared in Germany."

"The German gets four thick slices of bread a day; five pounds of potatoes a week; one egg a week; three-quarters of a pound of meat a week; six ounces of sugar a week, and three ounces of butter a week. If he can find them in the shops he may also buy rice, tea and coffee substitutes, milk, potatoes and green vegetables."

[illegible]

[illegible]



HERBERT COREY.

"An epidemic of disease is sweeping through Germany. This of two distinct varieties. One closely approximates in its symptoms the cholera of the east. In its contagious form it is quickly fatal in a frightfully large proportion of cases. The people ascribe it entirely to the bad quality of war bread."

"No one starves, but no one has enough to eat. No one freezes, but no one is warm. No one is deprived of the necessaries of life, but no one has the smaller alleviations that lessen the tension of life in wartime."

"The moral standards of the people have been breaking down. Juvenile misbehavior, petty theft, illegitimacy are all reported as increasing."

"When the realization of inevitable defeat comes to the German people it seems certain to me that the collapse will be a sudden and overwhelming one."

[illegible] Exclusively [illegible] in the

# "5-Drops" Gives Quick Relief to Rheumatic Sufferers

J. W. Mason, Port Allen, La., writes: "I was stricken with rheumatism which paralyzed my right arm. I purchased a bottle of your "5-Drops" and used it according to directions and before I had used half the bottle I was entirely relieved and could use my arm the same as ever. I can't collect words enough to praise it as I would like. I wish every sufferer would give it a thorough trial."

E. M. Harrell, Point Caswell, N. C., writes: "I had rheumatism so bad that I could not raise my arm at all and could not sleep for pain, but one bottle of your "5-Drops" relieved me. I thank you for putting your wonderful medicine within the reach of suffering humanity at a price that all can pay. You are at liberty to use my name for the benefit of others who suffer as I did."

"5-Drops" has proven its value for many years past and the testimony of those who have used it and found relief from the torture and agonizing pains caused by rheumatism is the best evidence of its remarkable power.

"5-Drops" is now sold by the leading druggists in every part of the United States and Canada.

**FREE** A sample bottle will be mailed free, if you will write to The Swanson Company, Newark, Ohio.

---

## The Jollier

You can't begin too early to plan the war garden for next summer.

The kaiser says God is his ally. Perhaps that is the reason he has melted 70,000 church bells to make war munitions.

John Bull says America should profit by England's mistakes in the conduct of the war. It seems we have mistakes of our own to profit by.

There may be a place for everything, but politics' place in war time is with the enemy.

If you expect to join the army better do it today or tomorrow.

Keep up your spirits. The man or nation who fights while he laughs is never licked.

THE MAN was there in the store,
AND HE SAID he wanted to buy
SOMETHING.
AND THE GIRL said
WHAT IS IT you want to buy?
AND HE SAID I want
THAT GREAT BIG Doll
I SAW IN the window
TWO WEEKS AGO. It was
A PEACH.
AND THE SALESGIRL said
OH, THAT DOLL was sold
TEN DAYS ago.
IT WAS THE only one we had
JUST LIKE THAT.
AND THE MAN cried
JUST LIKE a little child
BECAUSE his little girl
AT HOME had set her heart
ON JUST that doll
AND HE WAS afraid
SHE WOULD think
ON CHRISTMAS day
THAT SANTA CALUS had forgotten—
AND ALL BECAUSE he failed
TO DO HIS
CHRISTMAS
SHOPPING
EARLY.

---

## WRIGHT FIELD CLOSES.

DAYTON, O., DEC. 14.—So far as training aviators is concerned Wilbur Wright's field closed yesterday for the winter and the 83rd aero squadron and all cadets at the field are in readiness to leave for San Antonio, Tex.

---

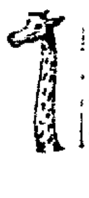
CLEVELAND—Wholesale and retail merchants appear today before the Federal grand jury and will be questioned about food.

---

## Sore Throat Wisdom

To relieve Sore Throat you must get at the seat of the disease, removing the cause. TONSILINE is prepared and sold for that one purpose. A dose of TONSILINE taken upon the first appearance of Sore Throat may save long days of sickness. Use a little Sore Throat wisdom and buy a bottle of TONSILINE today. You may need it tomorrow.

**TONSILINE** is the National Sore Throat Remedy—best known and most effective and most used. Look for the long necked fellow on the bottle when you go to the drug store to get it. 35c. and 60c. Hospital Size, $1.00. All Druggists.



---

# No Peddler ever sells Golden Sun Coffee

ONLY grocers sell it. They sell it because it makes you a satisfied customer. Golden Sun comes to you fresh and fragrant because the cutting process seals in the aroma that makes each cup so mellow and tempting. No chaff or dust in Golden Sun. It's all coffee. Never sold with premiums.

## *Ohio Federation of Women's Clubs*

*MRS. PRENTICE E. ROOD, Director of Press*

Send concise reports of your activities to the director of the press, Mrs Mary Proctor Wilson, Lebanon.

### Shop Early

Do not forget that you have a distinct duty to those who serve you in the stores, and make their Christmas happier by shopping early.

That parents should be made to realize the responsibility of looking after their daughters, and not shift the responsibility to the public, is the opinion of Miss Anne Riordan, president of the Columbus Federation of Women's Clubs.

### Save and Conserve

If the war in which the United States is now assuming a leading part is to be brought to a conclusion in accord with the aspirations and hopes of all true Americans, if, as our President has set forth our national aim, the world is to be "made safe for Democracy," all the hardships and difficulties which war brings must not be borne alone by our sailors on the seas and our soldiers in the trenches. Each one of us at home must bear her share, must willingly do her part, and even though the hardships that are placed upon us are not comparable with those of the armed forces in the field; even though they come to us in common place manner and in the course of every day routine, our plain patriotic duty is to co-operate with the Government to the end that the resources of the nation may be applied most effectually to the prosecution of the war to a successful end, and thus restore at the earliest possible day the blessings of peace. This is the spirit of the measure that was brought to the Federation at its monthly meeting on November 21, in addresses by I. G. Goldsmith, manager of the Strouss-Hirshberg Co., and Samuel McMaster, an official of the Youngstown Retail Grocers' Association, who came before the Federation at the invitation of the public affairs committee.

One thing which the Government has called upon such business houses as those represented by Mr. Goldsmith and Mr. McMaster to do is to free every possible man for service as a soldier or as a munition maker. So when you are asked to carry home your parcels; do so with the conviction that you are not merely helping the merchant, but that you are "doing your bit" that you, individually, are helping your government That the purpose of the stores is to reduce the work of delivery and not to make money is apparent, when it is understood that the cost of making an ordinary wagon delivery ranges from fifteen to twenty-two cents, or considerably more than the charge made for delivery in any event by the store.

Here, then, are a few thoughts for each of us to take into our daily routine and in our shopping trips. Think well before you buy and then buy what you want, so as to reduce the useless work involved in making exchanges Do your holiday shopping early in the season. Avoid shopping at the noon hour or late afternoon and the use of the street cars when they should be at the service of the men and women who work, and who have a right to go home, and when you can use them just as well an hour or half an hour earlier. Don't stop buying, but buy thoughtfully and with a purpose Don't wait till a few days before Christmas to send gifts. Remember that the postoffice and express companies cannot put on great forces of extra help to make up for your delay. Shop early and send early Don't growl when you get on a crowded train. Remember that the railroads are transporting troops and supplies and that these must receive first consideration in any circumstance

Cut your use of wheat and wheat products at least ten per cent, and use more corn, corn meal, barley flour, oat meal, rice and rye. Reduce your consumption of meat and fats at least twenty per cent. Curtall the consumption of sugar to the lowest possible minimum. Save everything; waste nothing. Be tolerant when you come into contact with a "green hand" who is trying to do the work laid aside by a more experienced man who has responded to his country's call.

### FURLOUGHED BECAUSE OF FATHER'S ILLNESS

John W. Bryant, of Co H, 136th Machine Gun Battalion, Montgomery, Ala., arrived home Thursday morning. He was called home on account of the illness of his father, Mr. Albert Bryant, of 335 North Third street, who is suffering from heart disease. He reports that all Coshocton county boys at Camp Sheridan are pleased with army life.

It seems like th' most triflin' fellers in town are allus th' hardest workers around th' polls. Th' war is becomin' purty serious when we hav et' split a parsnip four ways.

### TREASURY DEPARTMENT
Office Of
The Comptroller Of The Currency

WASHINGTON, Dec. 6, 1917.

WHEREAS, by satisfactory evidence presented to the undersigned, it has been made to appear that "The Coshocton National Bank" in the city of Coshocton in the County of Coshocton and State of Ohio, has complied with all the provisions of the Act of Congress "to enable National Banking Associations to extend their corporate existence, and for other purposes," approved July 12, 1882:

NOW, THEREFORE, I, Thomas P. Kane, Acting Comptroller of the Currency, do hereby certify that "The Coshocton National Bank" in the city of Coshocton in the County of Coshocton and State of Ohio is authorized to have succession for the period specified in its amended articles of association; namely, until close of business, on December 6, 1937.

IN TESTIMONY WHEREOF witness my hand and Seal of office this sixth day of December, 1917.

T. P. KANE,
Acting Comptroller of the Currency.
Charter No. 5103.
Extension No. 3405.

McConnell & Karr, Agts.

# Sunday School Head Advises Against Treat

Practically every Sunday school gives a candy treat at Christmas time, and against the general custom I am not here urging an objection. But for this year, I wish to make a suggestion to all schools of the county for a different program.

There are thousands of children now starving in Armenia and Syria. We are exhorted, on every hand, to conserve food products, especially sugar. To make candy takes sugar. The cost of candy this year will be far in excess of the usual price. One of the fundamental things of Christianity is self-denial and unselfishness.

In view of all these things, therefore, I want to suggest that the schools of the county abandon the candy treat this year and teach the children the great lesson of self-denial for the sake of the starving ones, and that the schools give the usual amount of money spent for candy treat to the fund for starving children of Armenia and Syria.

The eighty schools in Coshocton County ought to give no less than $800 in this way to the great need of suffering humanity. $5 will sustain a life for a month, $60 an entire year. Let us not fail at this Christmas time to hear and heed the cry for food from those in Bible lands who are starving, the lands made sacred by Him who was the Bread of Life.

REV. C. H. HOOD,
Pres. County Association.

TO RESIST THE ATTACK

of the germs of many diseases, such as Grip, Malaria means for all of us—fight or die. These germs are everywhere in the air we breathe. The odds are in favor of the germs, if the liver is inactive and the blood impure.

What is needed most is an increase in the germ-fighting strength. To do this successfully you need to put on *healthy flesh*, rouse the liver to vigorous action, so it will throw off these germs, and purify the blood so that there will be no "weak spot," or soil for germ-growth.

We claim for Dr. Pierce's Golden Medical Discovery that it does all this in a way peculiar to itself.

It cures troubles caused by torpid liver or impure blood.

HARRIS STATION, OHIO.—"During part of October and November last I was very much out of vigor and strength. Excessive duties had reduced my vitality until I could scarcely do my chores, much less the labor so much needed on the place. I was nervous, dizzy and weak, had pain in back and hip, general soreness of the muscles, etc., but I felt certain it was only a run-down condition and I knew the effective qualities of Doctor Pierce's Golden Medical Discovery Tablets so I got a small box and took them, getting quick and wonderful relief. I got the second box at my drug store but did not use all of it because I did not feel the need. Now I can work with ease and pleasure. I most heartily and cheerfully recommend the 'Discovery.'"—W. A. ROBERTS, R. F. D. 1.

REYNOLDSBURG, OHIO.—"We have used Doctor Pierce's medicines in our family for over forty years and found them very satisfactory for all trouble for which they are recommended. We have found Doctor Pierce's Pleasant Pellets one of the best things to regulate the bowels."—L. W. TUSSING.

FOR COLDS. STIFF NECK, NEURALGIA "MUS-TUR-PEP"

"MUS-TUR-PEP" Is Surely the Nicest. Cleanest of all Mustard Preparations. It is Just Dandy

Here is just what you have been wishing for—a clean, pure, cream-like mustard preparation, and you must try it now.

"MUS-TUR-PEP" is hot stuff—not too hot, but just right—is quickly absorbed and goes right to the spot where it remains for hours after the ordinary mustard preparation would lose its effect.

You'll Like "MUS-TUR-PEP"
BECAUSE

1—It is greaseless.
2—Vanishing—Rubs right in.
3—Doesn't soil the linen.
4—Has a pleasant odor.
5—Will not turn rancid.

Don't fail to give "MUS-TUR-PEP" a trial. Use it for Headache, Neuralgia, Stiff Neck, Pleurisy, Rheumatism, Lame Back, Lumbago, Chest Colds, Coughs, Croup, Congestion and Inflammation. All druggists sell, recommend and guarantee "MUS-TUR-PEP." It is fine. Get a small jar of "MUS-TUR-PEP" today—You may need it tomorrow.

# Miners Must Be Licensed

C. B. Wilhelm, local licensing officer of the bureau of mines calls attention to the fact that each miner using explosives must procure a license at the office of the clerk of courts. This license must be a purchaser's license and the holder must buy all explosives from one who holds a vendor's license.

However, the following exception to this rule is noted: In case the mining company buys all the explosives used in the mine and sells or issues all the powder to their workmen from a magazine located on the premises in charge of an employe of the mining company who holds a foreman's license, and issues or sells only sufficient explosives for one day's work, then it is not necessary for the miners or employes to have purchasers' licenses. Under such circumstances an employe of the mine dare not take any explosives, caps or fuse away from the premises, or use it for any other purpose than the work for which he is employed.

Enemy aliens cannot obtain a purchaser's license, and the only way they can obtain their explosives is from a magazine as above described

Hang Footwear On The Tree

Of course you've decided to give useful gifts — to make this a practical, worth-while Christmas —it's the spirit of the times. For each one on your list there's nothing you can choose that will give greater enjoyment than

Shoes Or Slippers

High grade, comfortable and long-wearing at prices to suit any pocket-book.

# Soldiers' Wives Get First Pay For Christmas

CAMP SHERMAN, O., DEC. 14—Santa Claus will deliver Uncle Sam's first separation allowance checks to the wives, mothers, sisters, children and other dependents of America's fighting men.

This is something new in America's war history. Beginning with this first Christmas voucher, and continuing as long as the war lasts, these monthly messengers of aid and cheer are to be mailed each month to dependents of Ohio and Western Pennsylvania men here.

Fearful that they might not get everyone's check delivered before Christmas morning, the tall old man with the red, white and blue suit and the star-spangled stove-pipe hat, and the fat little man who drives the reindeers ordered a special night shift in the government insurance office at Washington.

The amounts typed on the upper left hand corner of these unique Christmas gifts range from $30 up, and represent one month's compensation. The $30 checks go to wives with no children and represent $15 from the government and $15 from the husband's $30 a month pay. Where there are youngsters, a wee nip is added to each check for each one.

MEN'S SLIPPERS

The ideal present for any man. Prices 1.25 TO 2.50

CANTWELL'S

## A BRIGHT SPOT IN THE DAY'S NEWS

'Tis a great auto-horn that will warn its master when in dire distress.

But Frank Shilling, of Cincinnati, owns such a horn.

The other night Shilling was aroused from sleep by a familiar sound. 'Twas his auto-horn calling to him.

He hurried right out to the garage.

He found a brisk blaze, while the horn continued its cries for succor.

A small oil stove had exploded, causing insulation to burn off the wires controlling the horn. The exposed wires, touching each other, set the horn tooting.

## SMALL BLAZE

The fire department was called at midnight Thursday to extingish a fire at the Keagy and Lear machine shop. The blaze was caused by a spark from one of the engines igniting some waste matter.

"Cured Me of Indigestion, Kidney, and Colic Troubles

Greenville, S. C., Man Says Acid Iron Mineral Cured Him Two Years Ago and He Hasnt Seen Troubled Since
GET PERMANENT RESULTS

As proof that most people only lack pure blood to feel well all the time, the following statement is published.

"I gradually began to weaken and before I knew I was having pains in my back that made bending over a torture to me. Then I noticed that sleep was hard to get. I would sleep in fits and starts and my kidneys bothered me. Then my stomach started to rebel at favorite dishes and before I awoke to my condition I couldn't eat vegetables without being distressed and bothered the whole night through. My back was weak and pained me at times and cramps like the colic would attack me unless I was awfully particular what I ate." says a well known Greenville, S. C., cotton mill employe, H. A. Burdett.

If your digestion isn't extracting nourishment and your blood being enriched as it should be doctors will tell you to do just as Mr. Burdett did. Continuing his statement, he said:

"A friend urged me to get busy and take some Acid Iron Mineral and before I had taken a fifty cent bottle I was immensely improved and after finishing that half dollar bottle I was cured. It absolutely cured me and that was two years ago and, not like when you take other medicines, I haven't been sick or bothered since. I can eat anything I want and never be troubled with it," declared this man who sums up his experience with Acid Iron Mineral in these words. "It cured me of indigestion, colic and kidney trouble two years ago and I haven't been troubled since."

Get a bottle of this natural, highly concentrated medicinal iron which so many find unexcelled for the blood, digestion, kidneys and as a tonic to tone you up. Get a larger dollar size bottle of your nearest druggist. Sold in Coshocton by Curry Drug Co., and Smith's Drug and Book Store and good stores all over United States."
